

Call for Papers

Conference on Financial Forecasting

The [Financial Forecasting F2 Section](#) of the European Society of Computational Methods in Sciences and Engineering will host the Second International Symposium in “Advances in Financial Forecasting” (AFF) at the resort city of Loutraki, an hour from Athens, Greece, in 21-26 of October of 2005. The goal of the conference is to bring together leading experts and to promote research in the area of financial forecasting.

Symposium Keynote Speaker

Eric Ghysels

Bernstein Distinguished Professor of Economics &

Professor of Finance

University of North Carolina, USA

Special Issue of the *Journal of Financial Econometrics*

A special issue of the *Journal of Financial Econometrics* on Financial Forecasting has also been planned in relation with the conference. Papers need not be presented at the conference in order to be considered for publication in the special issue. The deadline for submission to the special issue is February 1, 2006. Submissions should be sent through the usual channels (see <http://www3.oup.co.uk/jfinec/instauth/>) with a cover letter stipulating that the paper should be considered for the special issue on *financial forecasting*. Submitted papers will go through a referee process with the usual quality standards of the *Journal of Financial Econometrics* but with a special focus on the symposium theme of *financial forecasting*.

Organizers:

The Executive & Coordination and Support Teams

Of the Financial Forecasting F2 Section
